PARTICIPANT MONEY AND PROPERTY POLICY

Easy Read Guide

HOW TO SPEND YOUR MONEY

You have the right to spend your money in whatever way you would like

You can ask someone you trust to help in making financial decisions

If you need help with money, these people can help you:

- Your guardian
- Your partner or spouse
- A family member
- A close friend

Sometimes a financial guardian can be arranged who can make money decisions on your behalf like how much to budget per fortnight

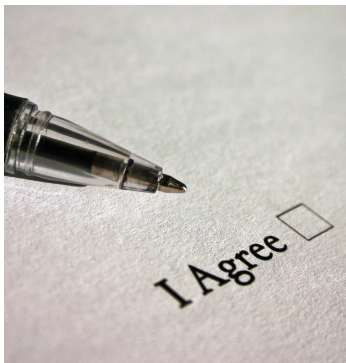

HOW STAFF CAN HELP

Staff cannot make decisions for you. They can only help you budget, and manage your money if you ask them to

If staff transport your money, without you there, you will need to sign off that this is ok and why they did this

This will let us know that you consent to the staff transporting your money and it happened safely

To learn more about consent, you can read Interaction's Consent Policy
